

This year's ice cream truck event was greeted with cooler temperatures. It made our socializing time more pleasant and there was less melting of the ice cream for all of you that save it for later. Your smiles and letting me hold your babies is the biggest treat of all.

A big thanks to everyone who returned the heart with a message to Myah and her family. The crafty embellishments are beautiful and the words will be comforting to them. Myah remains strong in her fight.

The office will be honoring our seniors in August. If you have an opportunity, let them know your appreciation for them. There is a lot of wisdom under their gray hair. Keep in mind that beautiful young people are acts of nature, but beautiful mature people are works of art.
