

The Waste Pro workers have asked me to express their appreciation to you all. We are the only ones that recognize them on this day. The office appreciates your participation - see photo below of a Waste Pro employee coming to pick up donuts from our community.

I would like to also give a shout out to Mr. Ballew. He assisted me in getting a couple of stray cats, roaming in the community, to be enjoyed at my home. This was a great way to celebrate National Adopt a Cat Month in June.

It is time to enjoy the ice cream truck and plan the Senior Luncheon. If you have questions, please call the office. We want all, that are interested, to be able to participate.

We hope you enjoy some holiday festivities. While celebrating, let's remember all the battles fought for our freedom and the ones that fought the battles.

### Resident Spotlight

Tony Tran

Many of you probably already know this homeowner. He grew up while living in the community. He returned to the community to purchase his own home about a year ago. His home is located on the same street as his mother's. We always like to see family members in multiple homes here.

He is a very busy person working a full-time job at Goodwill and starting his own pressure washing business, Professor Pressure. This would be very convenient for anyone wanting their home, steps, patio, roof, etc. professionally cleaned. If you are interested, you can reach him at (704) 750-0877. Young entrepreneurship is such a wonderful thing.
